

Finding B04

Upon arriving to [Beauchef 851](#), you should enter the door here:

You'll see some turnstiles. Talk to the guards on the left and tell them you are visiting the Leiden ↔ Chile seminar organised by the DCC ("*seminario de Leiden ↔ Chile organizado por el DCC*"). They will let you through. (If not, they should call the DCC: +562 2978 0652.)

Once inside the main open area, look for this central, circular structure:

Inside is a spiral staircase that leads you down to the floor with the rooms B04. **In case that door is shut** for some reason (as it is in this photo), you can go into any of the main buildings and take the elevator to -1; for example, from the perspective above, if you turn right about 90°, you will see this area:

You can enter the door on the left, and take the elevator in front of you down to -1, or you can follow the stairs to the right down, and follow the larger stairs down to -1. (This is also a smoking area.)

Once you're at -1, you should find B04 easily.
